With your help we will break ground sooner on building our New Amado Youth Center!

The Amado Youth Center (AYC) was the only local safe after-school space that served hundreds of youth, many of whom went on to higher education and skilled careers.

In September of 2018, the old Amado Youth Center, a very old, leased property, was destroyed by a flash flood.

Now, we are getting ready to rebuild a new center across from Sopori Elementary School. Amado is a high-poverty rural area, lacking sufficient resources to adequately support youth and families. Yet, many local individuals, civic and church groups have stepped up to help as best that they can.

Please help us support the construction of the New Amado Youth Center. Your tax-deductible donation will help our youth realize their futures and their dreams!
